Liquid Feed Supplement (For Ruminants Only)

Protein, energy, vitamin and trace mineral supplement for all classes of beef cattle and non-lactating dairy cattle.

Feeding Directions:

This is a supplement, not a complete ration, and must be fed with adequate roughage and grain. This supplement may be fed top-dressed, mixed into other components of the ration, or provided in a free-choice lick wheel feeder.

When fed for the first time, or after feeders have been empty, be sure cattle have other feeds available and feed the supplement so that intake is no more than 1.5 lb/hd/day for the first week.

This supplement includes minerals and vitamins, but a free-choice mineral/vitamin supplement is recommended to compensate for variations in ration composition and animal needs. Daily intake should range from 1 to 3 lb/hd/day for a 1000 lb animal. If intake is outside this range, check the following:

1. Tank Location - Intake is higher when tanks are located near water, mineral feeders, shelter, or

other areas frequented by cattle.

2. Calves - calves can and should consume the liquid. Their intake must be allowed for also
3. Supplemental feedstuffs - If cattle are over-consuming, the other feedstuffs may be short of phosphorus or energy. Be sure the mineral includes adequate phosphorus and that the total ration is adequate in energy.

Warning:

This supplement is intended for cattle only. Do not feed to sheep. This product includes copper.

Ingredients:

Condensed Fermented Corn Extractives, Cane Molasses, Condensed Soybean Solubles, Vegetable Oil, Lecithin, Urea, Sulfuric Acid, Phosphoric Acid, Cobalt Sulfate, Copper Sulfate, Manganese Sulfate, Zinc Sulfate, Ethylenediamine Dihydriodide, Sodium Selenite, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Xanthan Gum

Guaranteed Analysis:

Crude Protein (min).....	32.00%
<i>(This includes not more than 27.0% equivalent protein from non-protein nitrogen.)</i>	
Crude Fat (min).....	5.00%
Crude Fiber (max).....	0.10%
Acid Detergent Fiber (max)	0.10%
Calcium (min).....	0.01%
Calcium (max).....	0.50%
Phosphorus (min)	0.50%
Cobalt (min)	1.6 ppm
Copper (min).....	75 ppm

Manganese (min)	180 ppm
Zinc (min).....	260 ppm
Iodine (min).....	8.1 ppm
Selenium (min).....	0.9 ppm
Vitamin A (min).....	12,500 IU/lb
Vitamin D3 (min)	3,125 IU/lb
Vitamin E (min).....	3.1 IU/lb
Dry Matter (min).....	58.0 %
Moisture (max).....	42.0 %
