

BROOD COW

Brood Cow Supplement

Textured Beef Cattle on Pasture Feed

As the name suggests, this feed is designed to supplement the brood cow herd in times of elevated nutritional needs or times when forages are limited or of low quality. This is a 13% protein, high energy feed that provides a great deal of value for the cost. It can also be used as a finishing feed when fed at higher rates to growing cattle.

Feeding Directions:

This feed can be provided to all classes of cattle at a rate of no greater than 2% of body weight.

Caution:

Always provide a source of fresh clean water, and free choice minerals. As you make changes to animal's diet, allow a 7 to 10-day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed.

Warning:

Do not feed to sheep due to copper levels in this feed.

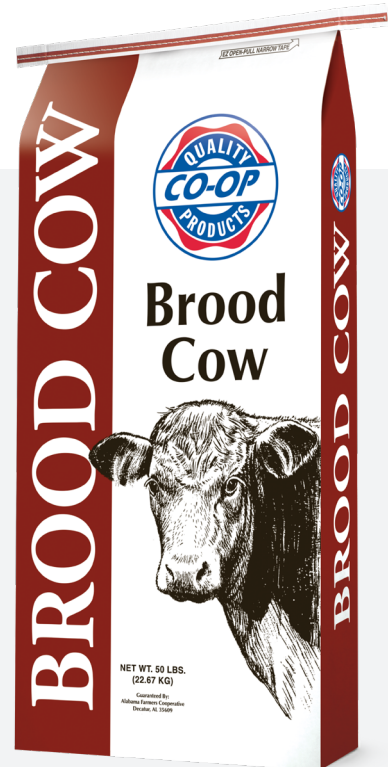

Ingredients:

Roughage Products, Corn Gluten Pellets, Processed Grain By-Products, STEAM FLAKED CORN, Cane Molasses, Vegetable Oil, Propionic Acid, Calcium Carbonate, Ferrous Sulfate, Manganous Oxide, Zinc Oxide, Copper Sulfate, Sodium Selenite, Manganese Sulfate, Calcium Iodate, Cobalt Carbonate, Mineral Oil, Salt, Dicalcium Phosphate, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Mold Inhibitor and BIOTIN 100
