SOUTHEASTERN BRANDED SUPPLEMENT

# STIMU-LYX® Fly Relief Altosid® IGR

A nutritional supplement containing S-Methoprene® Insect Growth Regulator for continuous feeding to all classes of beef and dairy cattle through the horn fly season. Contains Altosid® IGR.

## Feeding Directions:

Feed this product to cattle only. When used as directed. Quality CO-OP Products AFC Stimu-Lyx® Fly Relief Altosid® IGR (this product) will provide sufficient (S)-methoprene insect growth regulator to prevent the emergence of adult horn flies from manure of treated cattle. Existing adult horn flies will not be affected. Start feeding before horn flies appear and continue use until cold weather marks the end of the horn fly season. Allow free choice to cattle. Cattle should consume an average of 0.8 ounces of this product per 100 lbs. of cattle body weight per day, which is equivalent to 8 ounces per day for a 1,000-pound cow.

1. Assure cattle are not starved for nutrient prior to feeding this product.
2. This product contains added copper. Do not feed to cattle in close proximity to sheep or other species that have a low tolerance to supplemental copper.
3. Offer cattle one tub for every 15 to 25 head of cattle.
4. Remove all other self-limiting nutritional supplements while cattle are consuming this product.
5. Locate this product where cattle congregate (watering, loafing, shade areas).
6. Replenish this product on a regular basis as needed.
7. If intake of this product is below 0.8 ounces per 100 pounds of cattle body weight per day, increase the number of feeding locations and/or change location(s) to areas more frequented by cattle.
8. If intake of this product is above 0.8 ounces per 100 pounds of cattle body weight per day,

reduce the number of feeding locations and/or change location(s) to areas less frequented by cattle.

9. Introduction of this product after adult horn fly infestation is established will require treatment of cattle with adulticides if elimination of the adult fly population is desired.

## Warning:

Keep out of reach of children. Hazards to humans and domestic animals.

This product contains high levels of copper. Consumption of this product by sheep or goats may result in copper toxicity. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eye wear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

## Environmental Hazards:

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

## Ingredients:

Cane molasses, cottonseed meal, hydrolyzed feathermeal, hydrolyzed vegetable fat, monocalcium phosphate, dicalcium phosphate, limestone, zinc sulfate, manganese sulfate, ferrous sulfate, copper sulfate, sodium selenite, ethylenediamine dihydride, cobalt carbonate, vitamin E supplement, vitamin A supplement, vitamin D3 supplement, ethoxyquin

### STORAGE AND DISPOSAL:

*Do not contaminate water, food, or feed by storage or disposal.*

*Storage: Store in a cool place.*

*Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.*

*Container Handling: Nonrefillable container. Do not reuse or refill this container. Completely empty bag, then offer for recycling if available, or dispose of empty bag in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.*

### FIRST AID:

*If in Eyes:*

- *Hold eye open and rinse slowly and gently with water for 15-20 minutes.*
- *Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.*
- *Call a poison control center or doctor for treatment advice.*

*Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.*
