## Pelleted Horse Feed

A complete horse feed line designed for producers who prefer a pelleted horse feed. Champions Choice offers a variety of feeds to meet a range of feeding situations.

### Feeding Directions:

Feed to horses at the rate of .5 to 1.5 lbs. per 100 lbs. bodyweight depending on the quality and quantity of other feedstuffs available and the intended use of the horse. Do not feed free choice to any animal. Provide good quality hay or pasture.

### Caution:

Always provide a fresh source of clean water, salt and free choice minerals at all times. When making any change in an animal's diet, plan a 7 to 10-day transition period. Do not allow feed to stay in feeder for a period of longer than 3 days. When feeding large amounts of this feed (over 5 pounds per day) split the feeding amount into two different feedings to reduce the incidence of colic. Poorly managed feeding programs can lead to nutritional disorders.

### Warning:

Do not feed to sheep due to copper levels in this feed.

### Ingredients:

Processed Grain By-Products, Grain Products, Roughage Products, Forage Products, Calcium Carbonate, Salt, Dicalcium Phosphate, Ferrous Sulfate, Manganous Oxide, Zinc Oxide, Copper Sulfate, Solium Selenite, Manganese Sulfate, Calcium Iodate, Cobalt Carbonate, Mineral Oil, Vitamin A Supplement, Vitamin D3 Supplement and Vitamin E Supplement
