

Excel HORIZON™

Horizon Excel 12%

Textured Mature Horse Feed

A complete horse feed line designed for producers who prefer a sweet textured horse feed. Excel is designed for working and pasture horses consuming average to good quality forages.

Feeding Directions:

Feed .5 to 1 lbs. of feed per 100 lbs. of body weight to maintain mature horses. Hay should be fed at a rate of 1 to 2 lbs. per 100 lbs. of body weight, or similar amounts of pasture should be provided. Do not feed free choice to any class of animal, do not feed to sheep. When feeding to inactive horses, feed an amount less than .5 lbs. per 100 lbs. of body weight.

Caution:

Always provide a fresh source of clean water, salt and free choice minerals at all times. When making any change in an animal's diet, plan a 7 to 10-day transition period. Do not allow feed to stay in feeder for a period of longer than 3 days. When feeding large amounts of this feed (over 5 pounds per day) split the feeding amount into two different feedings to reduce the incidence of colic. Poorly managed feeding programs can lead to nutritional disorders.

Warning:

Do not feed to sheep due to copper levels in this feed.

Ingredients:

Wheat Middlings, Oats, Steel Cut Yellow Corn, Rice Hulls, Defatted Rice Bran, Cane Molasses, Vegetable Oil, Propionic Acid, Calcium Carbonate, Dried Distillers Grains w/solubles, Final Glo, Salt, Animal Fat, KAOLIN, Dicalcium Phosphate, Ferrous Sulfate, Manganous Oxide, Zinc Oxide, Copper Sulfate, Solium Selenite, Manganese Sulfate, Calcium Iodate, Cobalt Carbonate, Mineral Oil, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Mold Inhibitor and BIOTIN 100

Guaranteed Analysis:

Crude Protein (min).....	12.00%
Crude Fat (min).....	3.00%
Crude Fiber (max).....	10.00%
Calcium (min).....	0.75%
Calcium (max).....	1.75%
Phosphorus (min)	0.60%
