

POULTRY FEED

Egg Ration Pellets 16%

Pelleted Feed

Coop Egg Ration Pellets (also available as a crumble) is designed for backyard flocks with average egg size and production. Calcium levels are not sufficient for higher producing hens and an additional calcium source such as oyster shell should be offered if soft shells are observed. This is an ideal feed for times when consumption levels need to be higher such as cold weather.

Feeding Directions:

Feed as the sole ration to laying hens. This complete feed is formulated to meet all the nutritional needs of laying hens and pullets for egg production

Ingredients:

Processed Grain By-Products, Grain Products, Calcium Carbonate, Plant Protein Products, Forage Products, Roughage Products, Salt, KAOLIN, BROIL LAY PX-50# dl-Methionine

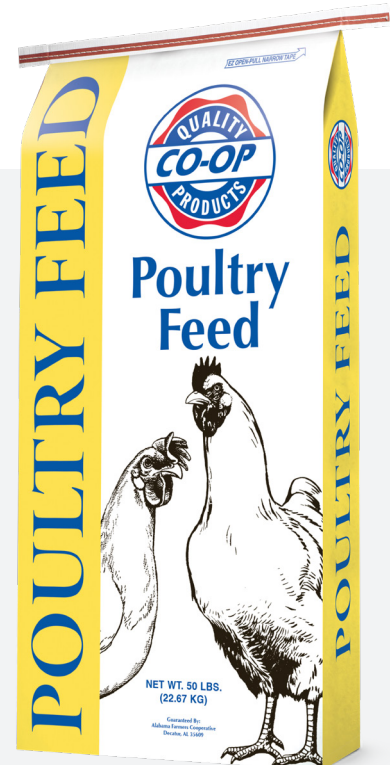

Caution:

Provide to Poultry Free Choice. Always provide clean water. Always make sure that feed is free of mold and insects. When making changes to poultry diet, do so gradually over a one week period.

Guaranteed Analysis:

Crude Protein (min).....	16.00%
Crude Fat (min).....	2.50%
Crude Fiber (max).....	8.00%
Calcium (min).....	1.50%
Calcium (max).....	2.50%
Phosphorus (min)	0.80%
Methionine (min).....	0.20%
Vitamin A (min).....	1,000 IU/lb
Vitamin E (min).....	16 IU/lb

NET WT. 50 LBS. (22.67 KG)
