# AFC Beef Text 14R

## Textured Feed for Beef Cattle on Pasture (Medicated)

This is an economical textured growing/developing feed that could be used for any class of cattle. It has a medium to high level of energy and could be used as a finishing feed in most forage situations when fed at a higher rate.

### Feeding Directions:

Feed to beef cattle on pasture. Feed at a rate of 1-2% of body weight per head per day. May be hand fed, or offered free choice. Always feed with a free choice forage source. Always provide free choice minerals, vitamins and clean water.

### Caution:

As you make changes to animal's diet, allow a 7 to 10-day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed.

### Ingredients:

Processed Grain By-Products, Grain Products, Roughage Products, Midds Pellet, CPC PREMIX and Calcium Carbonate

### Guaranteed Analysis:

Crude Protein (min).....	14.00%
