

FEED

CPC Developer 14% R

Textured Beef Cattle of Pasture Feed (Medicated)

For the prevention and control of coccidiosis caused by *Eimeria bovis* and *Eimeria zuernii* in growing cattle fed in confinement for slaughter.

CPC DEVELOPER 14R is a bulk textured feed designed to be hand-fed to growing calves, bulls, and replacement heifers. Feed CPC DEVELOPER along with your free-choice hay or grazing to make a complete ration for your cattle. This is a very high energy feed and should not be fed free-choice.

- Feed at a rate of 1 to 2.5 pounds per 100 lbs. of body weight per day.
- 14% protein, 3.2% fat, 20% fiber
- This feed contains steam flaked corn to maximize the digestible energy.
- There is effective fiber, to slow down the nutrient passage rate in the rumen and maximize feed efficiency.
- The complete vitamin/mineral package ensures animal health, efficient nutrient utilization, and better overall animal performance. Key trace minerals are chelated for better absorption.
- Rumensin is added for increased weight gain, improved feed efficiency, and to aid in prevention of coccidiosis.

There are many copy-cat feeds on the market, but only one CPC DEVELOPER 14R that has years of field testing and proven performance to its credit. So stop by your local Quality co-op store and ask about CPC DEVELOPER 14R for your farm and prepare to be amazed at what your cattle can do.

Feeding Directions:

Feed to beef cattle on pasture. Feed at a rate of up to 1% of body weight per head per day. Always feed with a free choice forage source. Always provide free choice minerals, vitamins and clean water. Do not offer free choice to any animal. Never feed wet or moldy feed.

Caution:

Always provide a source of fresh clean water, and free choice minerals. When making changes in an animal's diet, allow a 7 to 10 day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed.

Ingredients:

Roughage Products, CORN GLUTEN PELLETS, Processed Grain By-Products, STEAM FLAKED CORN, Calcium Carbonate, CPC PREMIX and MTB100 55#
