

FEED

# CPC OPTI-BEEF 16% R

## Textured Beef Cattle of Pasture Feed (Medicated)

For the prevention and control of coccidiosis caused by Eimeria Bovis and Eimeria zuernii in growing cattle fed in confinement for slaughter.

Introducing CPC OPTI-BEEF 16 R — a high-protein, high-energy pelleted CPC feed built for performance.

- Complete CPC premix with vitamins, minerals & Rumensin®
- Cottonseed hulls for improved feed efficiency
- ¼” pellet cattle (and producers) love

Great for creep feed, heifer development, or cattle supplementation.

### Feeding Directions:

Feed beef cattle on pasture. Feed at a rate of up to 1% of body weight per head per day. Always feed with a free choice forage source. Always provide free choice minerals, vitamins, and clean water. Do not offer free choice to any animal. Never feed wet or moldy feed.

Always provide a source of fresh clean water, and free choice minerals. When making changes to an animal’s diet, allow a 7-to-10-day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed.

### Ingredients:

Processed Grain By-Products, Calcium Carbonate, Roughage Products, Cottonseed Hulls, CPC PREMIX, Plant Protein Products, AMERI-BOND 2X BG and Animal Fat

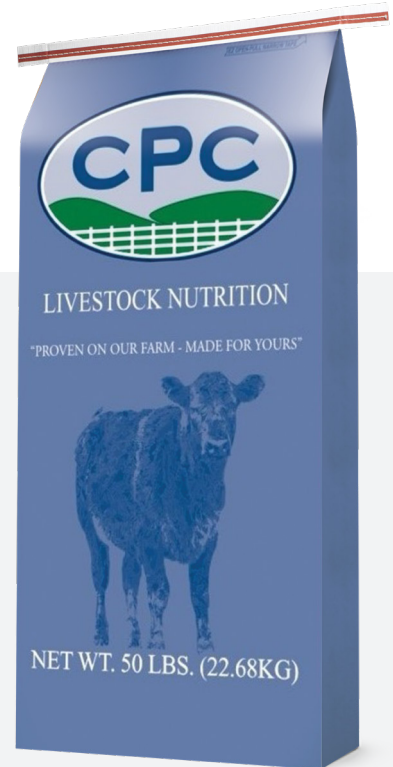

### Guaranteed Analysis:

Crude Protein (min).....	16.00%
Crude Fat (min).....	2.50%
Crude Fiber (max).....	10.00%

### Active Drug Ingredient:

Monensin (as Monensin Sodium Activity) .. 40 g/ton

**NET WT. 50 LBS. (22.67 KG)**
