

**BEEF FEED**

# Formax Beef Feed Grower 12%

## Textured Beef Cattle on Pasture Feed

This an economical textured calf grower that could be used for most any class of cattle. It has a medium to high level of energy and could be used as a finishing feed in most forage situations when fed at a higher rate.

### Feeding Directions:

Feed to beef cattle on pasture. Feed at a rate of up to 1% of body weight per head per day. Always feed with a free choice forage source. Always provide free choice minerals, vitamins an clean water. Do not offer free choice to any animal. Never feed wet or moldy feed

### Caution:

Always provide a source of fresh clean water, and free choice minerals. As you make changes to animal's diet, allow a 7 to 10-day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed.

### Warning:

Do not feed to sheep due to copper levels in this feed.
