Milk Plus Supplement

Formulated for cattle, horses, swine, goats, rabbits, deer, and poultry.

Milk Plus is an extremely palatable, nutrient dense source of high quality protein and energy to supplement all stages of cattle, horses, swine, goats, rabbits, deer, and poultry.

- Milk Plus contains organic trace minerals for increased absorption and utilization.
 - These trace minerals help improve reproduction and immunity.
- B vitamins, including Biotin, improve hair and skin quality.
- Vitamin E helps maintain performance levels during periods of stress.
- Milk Plus contains molasses, dried Whey, and anise powder to give it unbelievable palatability, and assure your animal will consume it well.
- Yeast cultures ensure proper digestion of feed stuffs.

This is a pelleted supplement that will mix easily and increase the performance of your animal no matter your current feed program.

Milk Plus is a great protein booster for producing muscle and frame on growing animals, putting bloom on show animals, or increasing milk production and maintaining body condition on lactating animals.

Feeding Directions:

This feed is formulated for cattle, horses, swine, goats, rabbits and poultry and should be fed at a rate of no more than 2% of body weight per head per day.

Caution:

Always provide a source of fresh clean water, and

free choice minerals. When making changes in an animal's diet, allow a 7 to 10-day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed.

Warning:

Do not feed to sheep due to copper levels in this feed.
