

FEED

Formax Fitters Choice 32% Conc.

Pelleted Concentrate to be mixed with grains for Beef Cattle on Pasture (Medicated)

For increased rate of weight gain in pasture cattle (slaughter, stocker, feeder cattle and dairy and beef replacement heifers).

Feeding Directions:

This Concentrate is to be added with other ingredients to develop a complete beef feed. Contact our Animal Nutritionist for further mixing directions.

- For growing/developing rations, mix 25% Fitters Choice with 75% cracked corn
- For finishing rations, mix 15% Fitters Choice with 85% cracked corn
- Feed mixed ration up to 2.5% of body weight per head per day.

Caution:

The safety of Lasalocid in unapproved species has not been established. Do not allow horses or other equines access to feed containing Lasalocid as ingestion may be fatal. Do not feed sheep due to copper levels in this feed. Always provide a source of fresh clean water, and free choice minerals. When making changes in an animal's diet, allow a

7 to 10-day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed.

Warning:

A withdrawal period has not been established for this product in pre-ruminating cattle. Do not use in calves to be processed for veal.
